COLLEGE

SIXTEEN classes of seniors have been handed their diplomas by President Rees Edgar Tulloss. No doubt in each of those years President Tulloss could truthfully say, "I have known most of these young men and women personally." His friendliness is a heartening influence on all freshmen; his sound business judgment, a valuable asset to the institution.

The students of Wittenberg College are purchasing the portrait of President Tulloss, to be placed on the wall in the lounge of the Health and Physical Education Building, with the portraits of other presidents of Wittenberg. His picture will be a real addition to the distinguished likenesses already there, for under his leadership Wittenberg has actually achieved goals that were the dreams of its past presidents..

A graduate of Wittenberg, President Tulloss received his Ph.D. from Harvard University, and his D.D. from Lenoire-Rhyne. Muhlenberg College conferred the LL.D. degree upon him.

Rees Edgar Tulloss, Ph.D., L.L.D., D.D.

HERE is a hearty expression of my own personal gratitude and that of my associates on the administrative sta and faculty of Wittenberg College, to those whose work has made possible this book.

Since the Class of 1896 established the tradition at Wittenberg, the Annuals constitute an important record of events upon the campus. Not only as a cherished memento for those who have been members of the student generations whose activities are here described, but also as a valuable historical record, the Annuals serve an important purpose.

The sincere thanks of all who will enjoy and profit by this book should go to the Annual Staff and to all who have cooperated with them in its production.

Rees Edgar Tulloss

C. G. SHATZER, Dean

A FEW more days and another college year will close with a joyous and colorful commencement season. Already parents, alumni, and neighbors are planning a visit to the campus to spend a few days among familiar scenes with old friends, reliving college days. For them it will be a visit to a shrine that symbolizes some of the finest emotions they have experienced.

From the four winds, men and women of America are making a path along the upper Susquehanna and into the Catskill Hills of New York, to a little mound that rests beside a huge boulder which has the vantage point from which John Burroughs viewed this landscape of rare charm, and dreamed the long, long thoughts of youth. Travelers leave the highway, climb the slope, and reverently seek the spot where rests one who has led them discerningly along the tinkling brooks and among quiet hills.

How like this are pilgrimages to Alma Mater, the shrine of friendships made and perpetuated; of companionship with students and instructors; of books, the inalienable comrades of the years; of promptings to think, to observe, and to appreciate the best that life holds.

"The stars come nightly to the sky,
The tidal wave comes to the sea;
Nor time, nor space, nor deep, nor high
Can keep my own away from me."

"*Waiting*"—Burroughs.

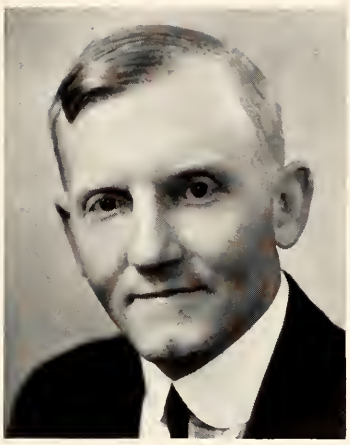
Deans



Dean B. H. Pershing

Dean Ruth Immell

A GRADUATE of Wittenberg College, Dean B. H. Pershing has served his alma mater for eleven years as a professor, and for the last four years also as the Dean of Men. He received both his A.B. and B.D. degrees from Wittenberg; his A.M. degree he received from the University of Pittsburgh, and his Ph.D. degree from Chicago University. He was an assistant professor at Chicago University, and was a professor and acting president of Thiel College before he returned to Wittenberg.

Always approachable, this man is as easy to talk to as a fellow student. His sound advice and the enthusiasm which he shows in all his activity are typical of the true Wittenberg spirit.

A MEMBER of the faculty who can write thirteen years of service to Wittenberg after her name, is Dean Ruth Immell. Her home is in Pennsylvania, and, consequently, her alma mater is the University of Pennsylvania. She received her A.B. degree there, and two years later her M.A. degree. She was, for a time, Dean of Women at Hamline College. From there she came to Wittenberg.

Miss Immell acts as chairman of the faculty committee for the Alma Mater Pageant every year as well as attending the numerous meetings that her position requires. She interviews every freshman woman during the year, and thus creates the personal contact so vital to a well-rounded college life. Her social contact, as well as her administrative position, is extremely valuable to Wittenberg women.

THE grandiose air assumed by those about to graduate . . . the sophistication of those who have lasted four years of so-called "hard knocks" . . . insecurity of those who have not obtained a job or a husband . . . the girl who has had four fraternity pins and the man who has had his pin out some half-dozen times . . . looked up to with awe by underclassmen . . . this awe increasing in inverse ratio to the number of years spent in college . . . the assurance of successful coping with college life only marred by the doubt of the future . . . thinking that this is the last Spring to be spent on the Wittenberg campus . . . wondering if the most valuable things learned were from books or from associates . . . trying on caps and gowns.

REALLY beginning to know what it is all about.. thinking that next year will be the last.. and regretting that more had not been made of the former three.. growling at the many responsibilities which Juniors must assume.. reminiscing about "those who have graduated" and thinking, "Well, it won't be long now." .. helping rather than hindering Freshmen to escape some of the duties imposed by their more hard-hearted Sophomore brothers.. becoming cynical.. being asked advice by younger students and giving it gladly from the great store of knowledge accumulated in three years.. beginning to get restless about vocations.. planting pins that stay planted.. and realizing that one really doesn't "get away with a thing."

FRESHMEN

Class of 1940

Officers

President ..... DAVID ALBRIGHT
Vice-President ..... NORBERT O'DONNEL
Secretary ..... ROSE MARY ULRICH
Treasurer ..... FRED GLUNTZ
Sergeant-at-Arms ..... LAURA LOU LEWIS

COMING to school callow and unfledged . . . thinking Carnegie Hall could be nothing less than the library . . . gullible and ignorant . . . but assuming within three weeks a sophisticated and worldly-wise attitude . . . that is during the rushing season . . . only too soon to realize that a Freshman is the lowliest among the creatures inhabiting the earth . . . this idea to be strengthened by Monday night paddlings and Hell Week . . . made to realize that humility is the only attitude acceptable in a Freshman . . . beginning the activities which will be followed up during the four years of college . . . those "not able to take it" dropping out at semesters . . . and finally emerging from the callow stage with a false sophistication almost as immature.

Hamma Divinity School

L. H. LARIMER, Dean

BELOVED by his students and colleagues is Loyal Herbert Larimer, M.A., D.D., Dean of Hamma Divinity School. On the seminary faculty for nearly three decades, and its dean for 14 years, he has served the interests of the college and of Hamma Divinity School well. His work frequently takes him beyond the campus limits, and he is recognized as an active authority in the United Lutheran Church in America.

INSTITUTIONALLY as old as the college whose campus it jointly claims, the seminary forms one of the strongest and oldest bulwarks of Lutheran theology in the United States. In the 92 years since its founding, it has supplied pulpits of Lutheran churches, as well as those of other denominations, with about 700 trained ministers. Several changes in the Hamma faculty were effected this year. Dr. E. E. Flack was granted a leave of absence the second semester to study in Germany, and Dr. W. D. Allbeck was appointed acting professor of the history of doctrines, liturgics, and catechetics, to succeed the late Dr. J. F. Krueger, who died in November, 1935. Dr. Krueger's son-in-law, the Rev. E. G. Wood, missionary to India on furlough, also taught in the seminary during the second semester. President of Hamma Divinity students this year was Walden Holl.

OF THE

Football Season of 1936

WITTENBERG'S Fighting Lutherans closed their forty-fourth year of intercollegiate football with a season record of four victories and five defeats. The Lutherans, however, jumped from their 1935 position of fourteenth in the Ohio Conference, to the present 1936 position of eighth. The Lutherans also attracted enough attention to have "Iron Man" Duke Eisemann placed on the All-Ohio Conference team at tackle position, and honorable mention on All-Ohio star eleven; and Boyd Abrams given honorable mention in the backfields of both the All-Ohio and All-Ohio conference teams.

BLUFFTON

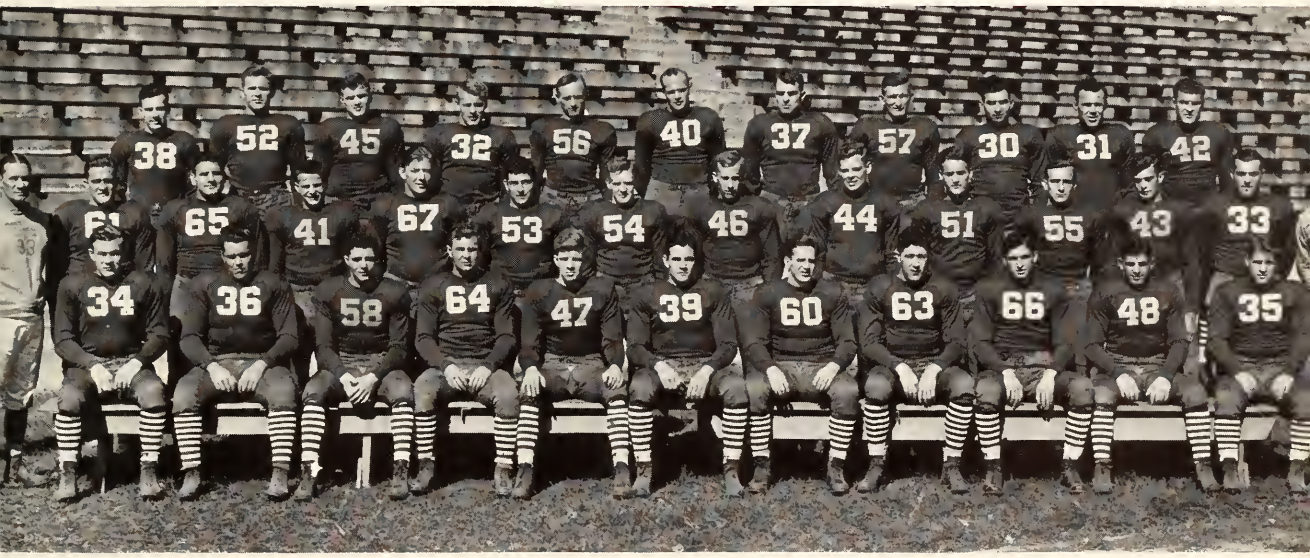
An under-rated Bluffton eleven and an overconfident Wittenberg team resulted in a 19 to 12 setback for the Lutherans in their opener. Unable to put up a good pass defense, the Lutherans were bewildered and outplayed. Boyd Abrams and Emil Lisak scored Wittenberg's two touchdowns, each carrying the ball through the line.

WOOSTER

Playing heads-up football, the Lutherans made amends for their opening loss by defeating Wooster 12 to 7. Again Abrams and Lisak were the two men who scored for Wittenberg, scoring in the first and fourth periods respectively. The Scots' lone touchdown came in the third period as a result of a series of line plunges. It was the first conference game of the season for the Fighting Lutherans.

KENYON

The Fighting Lutherans won their second



FRESHMAN SQUAD

straight Ohio Conference victory at the expense of Kenyon to the score of 20 to 0. Although the Stobbsmen were outweighed, they outplayed and outgeneraled the Episcopalians from start to finish of the game. Wittenberg's first score came as the result of a 15-yard pass from Lisak to Rankin. The Lutherans scored again in the second quarter when Abrams went through tackle for three yards to cross the goal line. The final touchdown came in the last quarter as Norman intercepted a pass and traveled 45 yards to score. Lisak converted the extra point twice.

BOWLING GREEN

Again an over-confident Wittenberg team came out on the short end of a 13 to 0 score against Bowling Green in a conference contest. The Stobbsmen had three opportunities to score but incomplete passes each time spoiled their chances. As in the Bluffton game, the downfall of the Lutherans was the passes of the opponents, for both of the Bee-Gee's touchdowns were made on passes.

OBERLIN

Scoring in every period, the Fighting Lutherans lived up to their name by trouncing Oberlin 39 to 0 in the annual Homecoming contest. The aerial and ground attacks of the Cardinal and Cream clicked for the first time to amass 374 yards gained against 180 for the Yoemen. The best run of the season was made by Abrams, midget halfback, who wriggled around and jumped over would-be tacklers for 40 yards for the first touchdown in the fourth quarter. Left end Thurm Blaser led the scoring with two touchdowns on passes. Backs Wilhelm and Lisak, and right end Popicg also scored a touchdown apiece.

DENISON

Wittenberg won their fourth conference victory at the expense of Denison in a close fought battle. The Lutherans finally won out

as the result of a well placed field goal, 9 to 7. A long march put the ball on Denison's 25-yard stripe and from here Lisak placekicked it squarely between the goal posts. Wittenberg's touchdown came as a result of a pass to Popicg.

XAVIER

Xavier University's heavy Musketeers outplayed the Lutherans in every department to take a 30 to 0 victory. The Stobbsmen were unable to click, either with their running attack or their overhead game.

CASE

Wittenberg's Fighting Lutherans, though outweighed and outgained by a rugged Case eleven, gamely battled through three scoreless periods, then surrendered a touchdown in the final period to lose their final Ohio Conference game 7 to 0. Several times there was only one man between Abrams and the Scientists' goal line. The toughest break of the game came when Hall threw a beautiful long pass down the field to Bambaloff. Far beyond the nearest Case defensive man and only a dozen yards from the goal, Bamby reached for the ball, juggled it briefly, then dropped it.

DAYTON

Wittenberg's courageous team was overpowered by the heavy University of Dayton eleven to the score of 40 to 12. After the half with the score 19 to 0, the Lutherans led by Abrams got back in the game by scoring two touchdowns. The first touchdown for Wittenberg came as a result of a march from its own 45-yard line with Abrams carrying the ball over the goal line. The second Lutheran touchdown came after a series of passes, Abrams throwing the ball to Popicg for six points.

THE 1937 BASKETBALL REVIEW

T. W. STOBBS
Head Coach

P. S. SCHNEIDER
Assistant Coach

ALTERNATELY staging winning and losing splurges, the Wittenberg basketball squad of 1936-37 carried on a fairly successful season. Fortune frowned on the Cardinal and Cream cagers in causing them to lose several close contests, but team spirit held throughout the season. The squad was not built around a star, although Moran, with 141 points, was 35 ahead of Rankin, second highest scorer.

The season was opened at the University of Cincinnati January 2. Erratic pass work and inexperience were the causes of the first loss, the score being 37-25 in favor of Cincinnati. Shannon and Werner were outstanding.

The second game also ended in defeat, this time at the hands of Mt. Union, 28-20. Shannon was high scorer with five points. The Lutherans seemed unable to hit their stride.

Marietta was Wittenberg's first victim, 39-25, the local boys playing on the home floor for the first time. Scoring was evenly divided, honors going to Shannon, Werner, Rankin and Moran.

January 12 the team traveled to Dayton, defeating U. of D. 32-31. With the Lutherans trailing in the last ten seconds of play, Werner scored the winning basket. Shannon was again high point man, scoring nine times.

On January 16 at Muskingum a dedication crowd of 3000 watched Wittenberg go down in defeat 37-34. Dykstra displayed his usual fine floor game, holding the Muskies' star to two baskets. Wichael and Werner scored eight and nine points respectively.

The sixth game ended 40-38 in favor of Otterbein. Wichael and Moran led the scoring with nine points apiece. The Lutherans led 22-17 at the half.

The third defeat in a row came at the hands of Earlham, January 21, 55-40. The speedy Quakers hit 16 out of 31 shots in the last half. Wichael scored 10 points for the losers.

Dayton again fell before Wittenberg on the home floor 29-26 on January 23. Lutheran scoring was evenly divided.

Findlay went down before the Stobbsmen, 65-26, on January 30. This was the largest point total of the season. Rankin paced the Lutherans, scoring 11 points while Wichael and Moran scored in each.

Kent State was defeated on February 6, 40-36. It was a very rough game. Werner led the home team's scoring with 12 markers. Flanders, forward for the losers, made 17 points.

Ohio Northern was next in line, being trounced 58-38, on their own floor. Moran

led the scoring with 20, Sundberg was second with 12.

The fifth straight win was over Oberlin, 51-35, at Oberlin. Sundberg led the scoring with 19 points.

Scoring 14 and nine points respectively, Moran and Sundberg led the game against Denison which netted a win of 46-24, the sixth straight victory.

A close score, 29-28, at the hands of Xavier, marked the first defeat in seven starts. Scoring was evenly divided; Sundberg and Werner each totaled 6 points.

On February 20, at home, Wittenberg defeated Heidelberg, 57-36. Sharp shooter Andy Moran scored 16, while Rankin accounted for 11.

Moran was again high with 17 points against Bowling Green, the score being 50-14 in Wittenberg's favor. Wichael received an ovation as he entered his last home game.

The season's last game ended in a victory over Marietta, 41-37. Rankin scored 15 points while Dykstra held the Marietta star to 2 baskets and a few fouls.

In a mid-season game with the Hawaiian All-Stars, Dykstra and Rankin were outstanding with 13 and 11 points respectively. Moriguchi scored 23 points for the Hawaiian five, who won, 56-49.

Baseball

MISSING last year's regular pitcher, Scotty Florence, lost by graduation, the Lutherans have so far this year not been able to hold the opponents' bats in check sufficiently to be on the winning side of the column consistently. Since a number of the posts are held down by new men on the squad, the team should improve as the season progresses. Its members are as follows: Mike Popicg, pitcher; Emil Lisak, pitcher; Bob Boreman, pitcher; Koch, catcher; Garver, first base; Dwire, first base; Kissell, second base; Moran, short-stop; Law, short-stop; Petri, third base; Hall, left field; Wise, center field; Zellar, right field; Dankert, first base; and Rankin, fielder.

The Lutherans were on the short end of the score, 5 to 2, in their opener against Ashland. Weakness in pitching and at bat were responsible for the defeat. The Wittenberg nine dropped its second game to University of Dayton, 12 to 4. The Stobbsmen were defeated in their third start 11 to 6, by Findlay, and were edged out in their fourth game to the tune of 2 to 1.

Track

WITTENBERG'S track team this year promises to finish the best season it has yet to experience. The thinclads have a well balanced team both in the field and on the track, though none of the members have set any records they are all consistent point makers. This year's record so far consists of victories in its three dual meets and a fifth place, two points behind the fourth place team, in the Bowling Green Invitational Meet. The team is favored to win the Ohio Conference "Big Six" meet at Oberlin, and a dual meet with Kenyon.

There are five of last year's lettermen on this squad: Gil Dickerhoof, consistent winner in the 100 yard dash, 220 yard low hurdles, and broad jump; Bill Holloway, in the pole vault and broad jump; Fred Dey, in the mile and two mile runs; Jerry Fisher, in half mile and mile runs; and John Weaver, in the 120 yard high hurdles and high jump. Those striving for their first letter in track are Dick Peters, in shot put and discus; Bob Blackburn, shot put, discus, and javelin; George Moffat, shot put and discus; Art Portz, in half mile; Fred Faber, in 440 yard dash and half mile; Bob Click, in 440 yard dash; John Boll, in 220 yard low and 120 yard high hurdles; Dick Johnson, in pole vault; and Bud Law, in pole vault and high jump.

Swimming

WITTENBERG'S swimming team suffered one of the poorest seasons of its history, this year. The Lutherans came out on the short end of the score in all seven of the meets it entered. Gil Dickerhoof, last year's Ohio conference diving champion, along with Ed Peacock, Bill Clemenger, and Herb Eakins were the most consistent point getters. Dickerhoof and Peacock excelled in diving; Clemenger in the breast stroke; and Eakins in the 100 yard free-style. Other letter winners were Fred Leatherman and Frank Thorpe. Leatherman and Eakins are the only two seniors on the squad. Those who received freshman numerals and will strengthen the varsity squad next year are: Thomas Vaughn, Bill Smith, Elwood Jensen, and Fred Biglow.

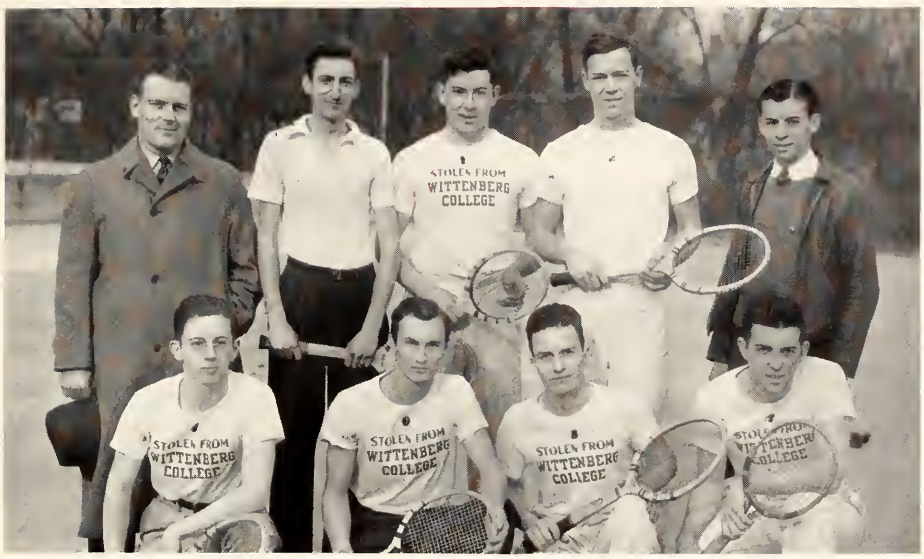
Tennis



WITH Wittenberg's tennis team of two lettermen back this year, Carol Sundberg and Jerry Whitnack, and five new men who are far above average, this year's team should win a majority of its matches. Carol Sundberg was half of last year's Ohio Conference championship doubles team. Stan Husted, the other half of the championship doubles team, was lost by graduation. The three most promising newcomers are: Gaylord Gourley, Bob Morrison, and Walter Bausman. Fred Koblenzer and Joe Work are also capable reserves.

Because of rain the Lutheran netters had to postpone their first three matches and a number of practices. In their first played match the netters were nosed out by a strong Ohio Wesleyan team, 4 to 3. The Lutheran team then came back to blank Otterbein, 7 to 0. In the next two matches Wittenberg was edged out by Oberlin, 5 to 4, and by Ohio Wesleyan, 5 to 2. In these matches Sundberg, Gourley, Whitnack, and Morrison were the most consistent winners.

Fencing

BECAUSE of last year's extensive fencing schedule, which ran over the budget, there were no matches scheduled for this year. However, the year was spent in getting the new material in shape for next season. The only letterman left from last year's squad was Nevin Stover, who had charge of this year's fencing aspirants, both men and women.

The members of this year's men's team were: Ray Whitman and Bob Sidner on the foil; Charles Strubel on epee; Frank Nevins on sabre. Members of the women's team were: Roberta Thomas, Dorothy Goddard, Clara Delma Schultz, Lucille Teeter, Kitty Lou Loper, Helen Rawlinson, Virginia Hoelzle, and Ann Davidson.

Since there were no scheduled matches there was a fencing club formed to keep up the interest in fencing. Under the direction of this club two exhibition matches were held with Ohio State University's fencing teams. The officers of the club are: Edna Brough, president; and Kitty Lou Loper, secretary.

Nevin Stover, acting coach, instructed 80 girls and 60 boys this year, the largest number that ever have been actively interested in the sport in the history of fencing here on the campus.

Intramurals

AN INTEGRAL part of every college's athletic program is an intramural schedule. The Wittenberg program is organized on the theory that every student enrolled in the school should participate in some sport during the year. Enough difference in strength in different fields exists to distribute the winners, so that no single social group carries off all the honors. Naturally, this stimulates keener interest and competition, although it also brings occasional discord. The men's intramural program includes competition in track, outdoor softball, horseshoes, boxing, swimming, basketball, foul shooting, ping-pong, volleyball, touch football, and indoor softball; the women's activities include tennis, hockey, volleyball, posture, ping-pong, folk dancing, basketball, swimming, and softball. Intramural Director Willis Baughman was accorded one of the toughest assignments in the physical education department when he was charged with the task of keeping peace among the groups entered in the men's intramural sports this year. The Women's Athletic Association cooperates with Prof. Ruth Helsel, Prof. Florine Logue, and Miss Mildred Recknagel in running the women's intramural program, which differs from the men's in that it not only includes inter-group competition, but inter-class as well. in many sports.

Men's Intramurals

WITTENBERG'S men's intramural program, which was the largest this year of any in the history of the intramural sports, opened with the three fall sports. They are: touch football, indoor ball, and horseshoes.

Alpha Tau Omega with a well balanced team, went through the "A" league undefeated, and beat Hamma Divinity, winner of "B" league in the play-off to annex the touch football championship.

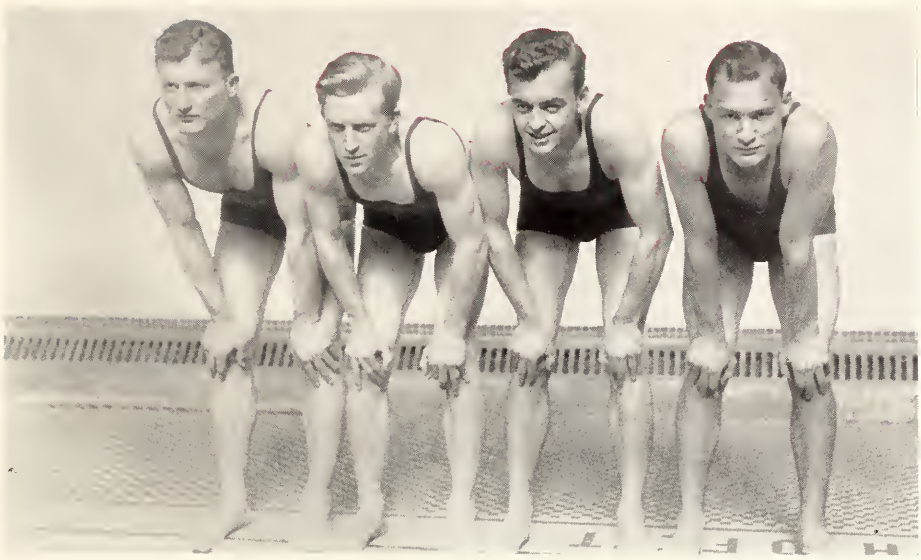
Men's Intramurals



Next came the winter intramural sports of "A" and "B" basketball, handball, volleyball, foul shooting, and swimming.

Phi Kappa Psi, losing only one game to the second place Theta Kappa Nus, won the "A" basketball league schedule with a record of nine wins and one defeat.

Phi Kappa Psi went through the volleyball schedule undefeated, ten wins and no losses, to win the top position. Tied for second place were the Phi Gams and Theta Kappa Nu, with eight wins and two loses apiece.

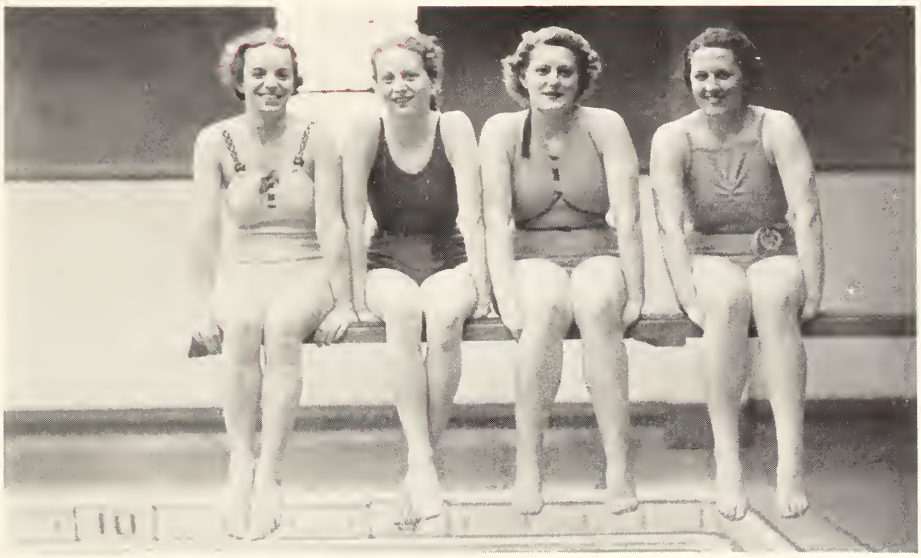
Women's Athletic Association

WOMEN'S Athletic Association (W. A. A.), was headed this year by Jane Rinehart. Other officers were: Betty Borchers, vice-president; Edna Brough, treasurer; Loretta Boger, recording secretary; Mary Dickey, corresponding secretary; and Jane Thum, publicity. Those who were in charge of certain sports were: Jean Carlson, hockey; Elinor Fisher, baseball; Grace Bowman, archery; Merle Asplin, swimming; and basketball Pauline Metzger, volleyball; and Doris Dimpfl, hiking.

This year W. A. A. strengthened its position in women's athletics by giving hockey recognition, sponsoring the dance festival, and holding a formal initiation, this being the first year for any of these three undertakings. The W. A. A. also had charge of the women's intramural program; it held a party the first week of the first semester for freshman women, and in the spring held a Play Day for the high school girls of Clark County. W. A. A. also gave awards to the girls who were active in sports. It gave numerals to those getting 450 points, "W" letters to those getting 800 points, and a letter sweater for 1300 points.

The requirements for W. A. A. are that a girl has passed the first semester of physical education and totaled 100 points in some sport.

Women's Intramurals



IN WOMEN'S intramurals, Alpha Xi Delta went through an undefeated season to take first place in volleyball. Second was Alpha Delta Pi, with five wins and one defeat.

Arrow and Mask

WITH a hopeful quill aimed at membership in Mortar Board, national senior women's honorary, Arrow and Mask justifies its position as Wittenberg's only senior women's honor society by its purpose, "to emphasize well-rounded development through curricular and extra-curricular activities." At the annual tap services held in May the old members descend from the library hill in impressive white robes and masks, to select from a group of breathless juniors the new pledges, chosen on a basis of scholarship, leadership, character, and service to the campus. Following the initiation banquet, the retiring seniors surrender their duties to the incoming members, who this year have carried on with such activities as the annual alumnae breakfast as Commencement time, the Founders' Day pageant, a book review to aid the Mortar Board pin money, and the presentation of a cup to the freshman woman with the highest scholarship average for her first semester's work.

Skull and Chain

ESTABLISHED as a senior men's honorary, Skull and Chain directs its attention to worthy campus improvements and to work independently and in conjunction with the college administration, in an attempt to create a better Wittenberg. Scholarship, activities, leadership, and charcter mark the qualities of each of its members. After its Tap Day in May, to which no less than three and no more than eight junior men are selected to continue the organization for the ensuing year, no officers are elected, thus eliminating the placing of one man above another in the realm of college activity.

Blue Key

HAVING as its stated purpose "to discuss campus problems and to advise active campus organizations of needed improvements," this national honorary is composed of senior men who have excelled in character, activities, scholarship, and student leadership. Since such lofty standards elude judgment, Blue Key members simplify their task by selecting as their successors the editors and business managers of The Torch and Wittenberger, plus a few others. Members meet once a month for dinner and an informal discussion of pertinent campus topics.

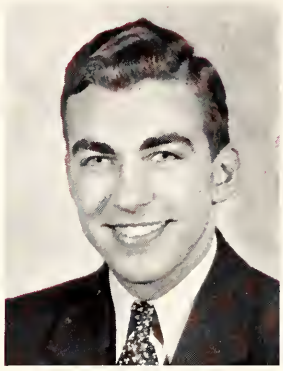
Pick and Pen

DEFINITELY interested in a well-rounded campus life, Pick and Pen, junior men's honorary, stresses scholarship, activities, leadership, and character when selecting its members. Its primary purpose is not so much to foster physical improvements on the campus, but rather to act as an incentive for freshman and sophomore men.

This year's organization has been somewhat handicapped by the absence of its president, Abbot Wolslagel, who did not return to the campus. Robert Young acts as secretary-treasurer of the group. Other members include Robert Click, William Fisher, and honorary members, Dr. Miller and Dr. Pershing.

The Wittenberger

William Fisher
Editor



Robert Click
Business Manager

COMMENTING upon itself after subjecting others to criticism is a task the Wittenberger does not relish. It has been generally conceded that the greatest shortcoming of recent Wittenberg yearbooks is that they have been long in coming, despite the best promises of editor and business manager. Politics did not rear too ugly a head in selecting chiefs-of-staff for the 1937 annual, since neither editor-elect nor business manager-elect was opposed. The Wittenberger must, like the Witt, be "on its own" financially, lacking the compulsory student subscription of the Torch. Naturally, if money isn't forthcoming, it's the juniors who pay. It was formerly a monthly publication, first appearing, as near as can be approximated, about half a century ago. Later, date unknown, it became an annual. To produce something different in college annuals is a difficult task. In an effort to vary the general make-up of this year's book we have discarded the age-old theme and tried to present actualities instead of ideals.

Springfield, Dec. 11—Tomorrow's newspaper men, today's college journalists, will "cover" the Wittenberg campus tomorrow as the Torch becomes host to the annual fall convention of the Ohio College Newspaper Association.

Members of editorial and business staffs of college newspapers of the southern division of O. C. N. A. will register and meet in opening session tomorrow morning in the H. P. E. building and will reassemble in Carnegie hall in the afternoon, after a tour of the campus. The one-day convention program will end with a banquet at the Heaume hotel in the evening, when delegates will be addressed by Mr. Edgar Morris, publisher of the Springfield Daily News and Sun.

Newspapers represented in the southern division of O. C. N. The Witt

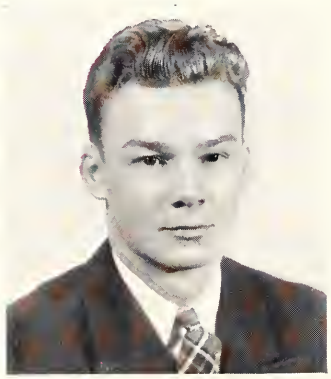
John Paschold
Editor



Jack Zieger
Business Manager

SINCE Wittenberg's student body believes that a campus would not be complete without a humor magazine, it tolerates the Witt, which passes in that category. Nine issues of this monthly publication are extended annually to students who pay the subscription price of one dollar. Appearing on the campus in 1922, the Witt made a reputation for itself as pretty clever—so much so that in 1926 it was admitted to the Midwest Association of College Comics. Because the business manager dictates the selection of his successor, as well as that of the editor and the rest of the staff, the Witt is generally regarded as the property of the Beta regime. Its editors, like O. S. U.'s Sundial editors, were called on the carpet this year and warned to "keep it clean," with the result that they printed a notice calling upon the student readers to notice the change in subject matter. When the Torch upset things by beating the Witt to the draw on popularity contests, the latter again appealed to the students to witness how a straight contest was conducted and did a mighty good job of convincing.

Choir

THE Wittenberg a Capella Choir has arisen from a men's and women's choral group to a choral organization of nationwide distinction. Much of its success has been due to the untiring efforts on the part of its founder and present director, Professor John Thomas Williams, who has given time and energy to its growth and development.

The choir, composed of one hundred voices, has made many successful trips during its five years of existence besides numerous broadcasts over the N. B. C. hook-ups. This year's tour was confined to Ohio and Indiana.

Orchestra

AS A GOOD example of an active and growing organization, the orchestra, under the direction of Mr. Glenn Halik, has completed another successful year. It is composed of twenty-five college members and twelve Springfield artists. In addition to the regular repertoire, the orchestra played a composition by Marion McArtor, a member of the organization, on its spring concert held in the college chapel, May 3. This organization has also taken many tours and has received high acclaim.

Boost Wittenberg Association

CHARGED with the thankless task of maintaining a host of Wittenberg traditions, and of keeping up the ephemeral student spirit in poor athletic years, the Boost Wittenberg Association, technically classed as a men's governing body, seems perpetually in search of a shoulder to cry on. It does accomplish some worthwhile things, among them several dances, the fall and spring elections, freshman rules, and a number of interesting convocation programs. Visitation and Homecoming week-ends are included in the projects which Boost W and the college sponsor jointly. The Association, at Prof. Van Why's suggestion, was instrumental in securing a Victory Bell and having it placed in the Myers Hall belfry. Senior and two-year members of Boost W received service keys this year, for the first time in the group's history.

Wittenberg Women's League

INCLUDING all women in the college, this organization has an undisputed claim to the largest membership of any group on the campus. A council of representatives from each class acts as an administrative body.

Stated purposes are "to correlate and unify the interests of women students, to stimulate a high type of school spirit, and to support the best standards of college life." A garden party and a Visitation week-end for girls are its annual contributions to a better Wittenberg.

During 1936-37 W. W. L. acknowledged the equality of the sexes by sponsoring a farewell leap year dance, and saluted James and Jane Average Student with an April Fool dance.

Injecting a fillip of rivalry to Varsity Nite, W. W. L. this year initiated All Women's Night, which burst from its chrysalis as a startling and attractive dance recital.

Guiding-star of the organization is Dean Ruth Immell.

Y. W. C. A.

"WE UNITE in the desire to realize a full and creative life through a growing knowledge of God. We determine to have a part in making this life possible for all people. In this task we seek to understand Jesus and follow Him." Thus did 210 Wittenberg coeds pledge their allegiance to the Y. W. C. A. this year. Meeting twice a month, alternating with cabinet retreats, the Y. W. C. A. has succeeded in presenting a varied program of devotions, music, and speakers. In addition, the group has, through tag days and special entertainments kept the Y. W. C. A.'s summer camp at Lake Geneva, Wis., fresh in the minds of the students. Together with the Y. M. C. A., the Y. W. C. A. plans Friday chapel programs, the annual Christmas caroling in the college circle, Lenten vesper services, and publication of a Freshman Handbook. One of the biggest projects the organization undertakes is the Big and Little Sister Movement in the fall, when every freshman coed is paired with an upperclass coed to help the former to get acquainted.

Y. M. C. A.

WITH a membership of 130, the Wittenberg Y. M. C. A. augmented its usual religious program this year by putting on a big political pow-wow which packed the college chapel and showed up some hidden faculty and student talent, last election eve. Several open meetings with student speakers, and presentation of Prof. W. H. Blough's "Wittenberg in Celluloid" were included in the year's spasmodic program. This largest and oldest men's group on the campus extends its work beyond the campus limits into the city of Springfield, with the work of the gospel teams. social service committees, and HiY discussion leaders. On the campus, the Y. M. C. A. co-sponsors, with the Y. W. C. A. and the Lutheran Student Association, the Christmas and Lenten vespers, and, with the Y. W. alone, the issuance of a Freshman Handbook.

Pan-Hellenic Council

COOPERATION among sororities is the social goal of this group; strictly enforced rushing rules is the business goal.

The Pan-Hellenic Council with its two representatives from each sorority meets once a month. At these meetings the members discuss their group problems and deal with any instances of unfair rushing.

Socially, the Council creates more friendly relationships among the sorority groups by sponsoring a formal dance, an annual Inter-sorority Bridge Tournament, and exchange dinners.

This year the group donated $100 to the W. W. L. as a contribution for the fund that will be used for the President's portrait.

Interfraternity Council

ORGANIZED as the group to bring cooperation and friendly relations among the fraternities, the Interfraternity Council meets once a month at a fraternity house. The Council has as its members a junior and a senior representative from each of the campus social fraternities.

Meeting the threat of the "Independents" is one of its problems each year. Creating and keeping good-will among the fraternities was a great problem this year, especially at the time of one of the important campus elections.

To the social whirl this organization contributes by sponsoring a series of exchange dinners, an annual Interfraternity Bridge Tournament, and a dance.

Women's Varsity Debate

ATTEMPTING at once to prove and to disprove the question, "Resolved: that the several states should enact uniform marriage and divorce laws," the women's varsity debate squad placed second in the annual tournament of the Ohio Women's Intercollegiate Debate conference held at Capital university on March 6. In the non-decision debates held preparatory to the tournament, Wittenberg opposed teams from Earlham, Capital, Ohio university, Ohio Northern and Bluffton. Lorraine Albright and Betty Stewart captained the affirmative and negative teams, respectively.

First Year Women's Debate

DEBATING the question, "Resolved: that all electric utilities should be governmentally owned and operated," members of the first year women's debate squad acquitted themselves as debaters by their showing in clashes with Tiffin Business university, Ohio Wesleyan, Ohio university, and Denison. Captains Gladys Telleen and Dorothy Bergquist, affirmative and negative respectively, headed the teams. We hope that members chosen from this squad will have a part in bringing home the conference honors next year.

Men's Varsity Debate

THE close of the season for the men's varsity debate squad found it in third place in the Ohio Debate conference tournament. It had previously encountered Capital, Ohio university, Muskingum, and Earlham in a series of non-decision contests. Among pre-tournament activities of the squad was a radio debate with Wayne university, with Wittenbergers Eugene Hoak and Robert Sultzbach defending the current intercollegiate question, "Resolved: "that the several states should adopt one-house legislatures."

First Year Men's Debate

IN ADDITION to showing themselves equal to the women in the annual freshman championship clash, the first year men's debate squad participated in several non-decision debates with Kenyon, Earlham, Ohio Wesleyan, Ohio university, and Denison, discussing the same question as their feminine colleagues.

Under the guidance of Professors Kelley and Brees, the Wittenberg debate squads have had excellent records. With this year's freshman recruits they can look forward to another record year.

Hay Fever

NOEL COWARD'S "Hay Fever," a rollicking comedy of the temperamental antics of Judith Bliss, retired actress, and her family, set Wittenberg's dramatics season off to a flying start. Bette Otis took top honors as the affected Miss Bliss, while Charles Tyler, Tom Roberts, and Aileen Branning portrayed beautifully the family whose quaint hospitality drove their guests to leave quietly, shoes in hand. Martha Lipsanen, in the role of the exasperated Irish maid, stole a number of good laughs. The performance of "Hay Fever" marked Miss Jeane Browne's debut as campus director of dramatics.

The Thirteenth Chair

WITH suspense the keynote of Beynard Veiller's mystery drama, "The Thirteenth Chair," Eugene Hoak and Dorothy Lehmann co-starred in the second of the season's dramatics productions. Hoak was excellent as the great Irish detective who was baffled by the murder of Spencer Lee and Ned Wales until Miss Lehmann came to his rescue in her role of the spiritualistic medium. Don Lyons, playing the part of Phillip Mason, the one finally accused of the crimes, was particularly outstanding in the tense scene of confession when, startled by the appearance of the blood-stained dagger, Mason goes quite mad, leaving the early suspects free to conclude the romantic interest of the play.

Rebound

RACHAEL LANG'S characterization of the youngish near-spinster, Sara Jaffrey, made Donald Stewart's "Rebound" well worth seeing. Others who deserve mention for their performances in this comedy of marital difficulties include Robert Sultzbach, as Bill Truesdale; Margaret Kuck, as Evie Lawrence; John Hallauer, as Johnny Coles; and Ed Stroebel, as Lyman Patterson. The story deals with the complications arising when Truesdale, self-styled Great Lover, is jilted by Evie, who prefers Patterson's money to Truesdale's love. Sara, also left by her careless boy friend, Johnny, marries Bill on the rebound. Although they almost crash when the novelty wears off, the second rebound finds them reunited in time for the final curtain.

Hell-Bent Fer Heaven

SECOND only to the discussion of campus politics, "Hell-Bent fer Heaven," by Hatcher Hughes, received distinctly divided comment from those who thought it justly great, and those who shuddered at its horrors. Nevertheless, it will undoubtedly go down in Wittenberg history as one of the outstanding achievements in dramatics. Among those members of Theta Alpha Phi, sole producers of the play, who deserve especial commendation are Eugene Hoak, who hid behind elaborate whiskers as grandpappy; Richard and Robert Sultzbach, and Tom Homrighausen. Mr. Dwinell Grant's log cabin stage set achieved very realistic effects for this story of Carolina family warfare as depicted in the Lowry-Hunt feud.

Oratory

AS A climax to the year's oratorical achievements came the news of Richard Sultzbach's winning Wittenberg's third consecutive first place in the Ohio Peace Oratorical contest, with his oration "The Voice of the People." Earlier in the year Robert Sultzbach barely missed first place in the "Old Line" contest of the Ohio Intercollegiate Oratory association, when a margin of one point gave him second honors for his speech "The Unholy Alliance," a treatment of the unfortunate combination of crime and politics. In the state women's oratory division, Betty Stewart also placed second, speaking on "The American Tragedy," a discussion of the involvement of the American schools in politics; while Ruth Landwehr received third mention in the state interpretative reading contest for her version of William Cooper's "Portrait of My Mother."

Beta Beta Beta

KNOWN for its strict adherence to membership qualifications, the Wittenberg chapter of Beta Beta Beta, biology honorary, carried out its usual program of monthly meetings and its spring open house with a student membership of ten. Requirement of 14 hours of biology with a B average tends to keep the enrolment from becoming unwieldy. Popularly called Tri-Beta, the group attempts "to instill a love for nature and stimulate biology scholarship." Speeches and discussions this year centered around a study of cancer and certain other diseases. Not wishing to be regarded as selfish or self-centered, Tri-Beta this year welcomed Tau Pi Phi, business honorary, to join it in sponsoring open house on April 17. Nationally Beta Beta Beta boasts 35 chapters in the United States and three in China. Wittenberg's chapter is Xi.

Delta Phi Alpha

CONSCIOUS of the German influence on American customs and language, this national honorary fraternity occupies itself with stimulating interest in the culture and language of that country. Members must have attained a B average in two years of college German. Wittenberg's Nu chapter of Delta Phi Alpha is contented with holding occasional meetings on its traditional night, Tuesday, when it hears from German exchange students or others informed on the affairs of the Vaterland. The chapter was established in 1931 to succeed the old Deutches Verein.

Kappa Phi Kappa

IN CHRONICLING its events of the year, the president of this national education honorary writes thus: "Chief among the activities of the fraternity was the sending of delegates to the Kappa Phi Kappa national convention at Birmingham, Ala., October 27-29. Roger Miller, Norvin Smith, Robert Sultzbach, and Everett Hopkins were the delegates who represented the Eta chapter. The boys not only enjoyed attending the educational convention, but also enjoyed gaining a liberal education from those Southern beauties. Only one thing marred the trip—the boys *had* to take a 600-mile detour, coming back by way of Georgia and the Carolinas . . ." Inauguration of an education banquet for all students in the education department was also included in the year's program. Organized "to promote the interests of education," the fraternity admits into its membership those who get high scholarship in education courses.

Lambda Mu

FACED with the problem of deciding whether to lower its membership qualifications to permit spring initiations, Lambda Mu, local classics honorary, leans toward that class of honorary groups whose main restriction of members is the initiation fee, although it nominally retains a requirement of eight hours of B in Latin or Greek, plus a two-point general average. Better interpretation and appreciation of the classics is the group's aim, which it furthers by sponsoring annually an essay contest on classical themes, the winner receiving a loving cup on Activities Honor Day. Other traditional events are its spring banquet, this year held on April 29, and publication of an annual known as the "Praeconium." An attempted joint project with the Lutheran Student Association to publish and sell a Wittenberg Songbook fell through because of prohibitive costs and lack of student interest and group cooperation.

Psi Chi

DECIDEDLY in the group of the larger honoraries is the Wittenberg chapter of Psi Chi, national psychology honorary, with a faculty roll second to none. Besides following its primary purpose "to advance the science of psychology," by requiring an average of B in the subject for membership, Psi Chi ostensibly carries out its secondary purpose "to encourage, stimulate, and maintain scholarship of the individual members in all academic fields", by requiring members to be in the top one-third of the school, scholastically. Active members must have had 12 hours of psychology, and associate members, five. Occasional open meetings, parties, and picnics supplement the regular monthly meetings, when members hear speakers discuss intricate psychological topics. The national fraternity was founded in 1929, with Wittenberg one of the charter members.

Sigma Alpha Iota

VARYING its colorful program with a silver tea, three musicales, a violin recital, an inter-sorority sing, and a luncheon honoring its province president, this national honorary music sorority has been unusually active during the year. Its purpose, to put it in a big mouthful, is "to promote the highest standard of professional ethics and culture among women students of music schools, and to bring about a closer relationship among women pursuing some phase of music as a profession." The tea was given to raise money for a national fund to be used in constructing Pan's cottage in the Edward McDowell artist colony at Peterboro, N. Hamp. Only McDowell compositions were played at the tea, which is an annual event. Mrs. Haines gave the violin recital. Members of Sigma Alpha Iota are accepted on the basis of exceptional musical interest and ability.

Tau Kappa Alpha

MEETING twice a year, a good average for most honoraries, this national forensics fraternity is composed of all students who have participated in varsity debates or oratory contests. The Torch put local members in a bad spot this year when it published a press release stating that the national fraternity had just been admitted to the Association of College Honor Societies—a fact which came as a surprise to those who should have known. Incidentally, Tau Kappa Alpha thus becomes the first Wittenberg honorary to be a member of the Association. The group does claim sponsorship, however, of two of the better enterprises originating annually in the speech department—the high school forensic contests and the public speaking banquet. The latter was featured this year by an all-musical program, without a single speech, and was called "The Shambles of 1937."

Members have visited the International Harvester Company, the Crowell Publishing Company, and the Middletown Steel Rolling Mills, and heard Mr. John L. Theta Alpha Phi

ORGANIZED "to further the cause, and perpetuate a fine type of dramatic art on the campus" this dramatics fraternity sponsors every year a Varsity Nite program, when all campus social fraternities compete for top honors for originality of dramatic interpretation. High point in the group's activities this year was its presentation on April 28, 29, and 30, of Hatcher Hughes' "Hell-Bent Fer Heaven," staged, directed, and managed by members of Theta Alpha Phi. It also sponsors the campus play each June, in connection with the commencement festivities. As a national honorary, Theta Alpha Phi has chapters on the campuses of most of the important colleges of the United States. To qualify for membership in Theta Alpha Phi, a student must participate in two major and two minor plays as an actor, executive, or director.

Theta Chi Delta

ALPHA IOTA chapter of this national chemistry honorary is best known and most thanked for its annual chemistry contest for Ohio high school seniors, with Wittenberg tuition credits as prizes. Aiming to encourage interest and attainment in modern chemistry, Theta Chi Delta holds semi-monthly meetings and hears Wittenberg professors lecture on such topics as radioactivity and termites. The group's feature program of the year was a meeting honoring Dr. Linn, one of the founders of the Wittenberg chapter. In addition, members began looking forward to having the national convention of Theta Chi Delta at Wittenberg in 1938. "The Crucible" is the name of its thrice-yearly publication. A chemistry major and 13 hours of B in the subject are required for membership.

Home Economics Club

WITH the purpose of "creating a greater interest in the field of home economics," the Home Economics club met regularly every two weeks to discuss problems of home-making and dressmaking. Honoring freshmen, the annual dinner was held October 6, in the Home Economics laboratories. In May, during the annual parents' week-end, the club sponsored a style review of clothes made by the girls themselves. Membership is limited to those majoring or minoring in home economics with as associate members those interested in the subject.

THE Rifle Club is open to "anyone interested in marksmanship as a sport." In the same match, Charles Keil won the Ohio State championship 50-foot indoor range prone position.

Shifter's Club

DO YOU have the "right attitude?" No one can determine that but a member of the secret organization, the Shifter's Club. This much we know—the purpose of the organization is purely social. It is the only group of its kind on the campus whose membership consists of both men and women. Any underclassman may be invited to join the "noble order" if he shows the "right attitude," said attitude to be judged by each and every member of the group. In addition to several picnics, the group was entertained twice by Dr. and Mrs. Barker at their home. Furthermore, may we point out that the group has no officers.

ALPHA XI DELTA

Zeta Chapter

KNOX College, at Galesburg, Illinois, was the birthplace of Alpha Xi Delta sorority. It was founded there on April 17, 1893.

Sigma Pi was established at Wittenberg as a local sorority by seven young women in 1903. The following year it became affiliated with Alpha Xi Delta as Zeta Chapter.

A missionary station situated at Carcasonne, Ky., was founded by Alpha Xi Delta and is supported by it. The sorority also maintains a scholarship fund.

Carrying on a program of slow, but continuous expansion, Alpha Xi Delta has brought its chapter roll up to 53.

The flower of Alpha Xi Delta is the Killarney rose. It publishes a quarterly journal known as "The Quill." Gold and double blue are its distinguishing colors.

Alpha Xi was the first national sorority to be installed on the Wittenberg campus.

Last year this group remodeled its quarters and moved into an almost completely renewed house.

ALPHA DELTA PI

Chi Chapter

ON MAY 15, 1851, at Wesleyan Female College, in Macon, Georgia, five young women founded the Adelphean Society with the purpose of bettering one another mentally, morally, and socially. In 1904 the society took the Greek-letter name of Alpha Delta Phi, changed in 1913 to Alpha Delta Pi.

On the Wittenberg campus, Alpha Delta Pi was instituted Nov. 20, 1913, when the local sorority, Gamma Beta Gamma, went national and was installed as Chi chapter. Gamma Beta Gamma had been organized by seven coeds the preceding March.

The sorority colors are blue and white, and its flower is the violet. Its national publication is "The Adelphean." Alpha Delta Pi has 57 active chapters.

Chi of Alpha Delta Pi is said to be the best chapter in the sorority.

Nationally, Alpha Delta Pi is famous for being the oldest group in the collegiate sorority world.

Tau Gamma Chapter

TO BE truly national, and to bring a new point of view into the student group movement" was the purpose defined by four young women at the University of Arkansas when they founded Chi Omega fraternity on April 5, 1895.

Today, Chi Omega enjoys the distinction of being the largest women's national fraternity in the United States, having 87 chapters.

Annually, the national group bestows an Achievement Award on a woman who has made an outstanding contribution to the arts or sciences.

The local Kåppa Phi Sigma became affiliated with Chi Omega as Tau Gamma chapter in 1924.

At Wittenberg, Chi Omega every year offers a prize to the student who writes the best paper on a social problem. This year the committee of judges awarded the prize to Gladys Telleen.

Among the names in Chi Omega's Hall of Fame are those of Mabel Walker Willebrand, Mary C. Love Collins, and Dorothy Jordan.

Alpha Nu Chapter

THETA GAMMA RHO, which was founded at Wittenberg as a local sorority in 1915 went national in 1927, becoming at that time Alpha Nu chapter of Kappa Delta.

The national sorority was founded at Virginia State Normal, Oct. 23, 1897. It is at present the fourth largest sorority in Pan-Hellenic Council, with a total of 77 chapters.

The white rose, by virtue of its traditional relationship with purity, is the flower of the sorority. Its colors are green and white.

Kappa Delta maintains a large endowment fund, and a chapter house fund.

The philanthropic activity of Kappa Delta lies principally with the Crippled Children's Hospital at Richmond, Va. The dental laboratories and a number of beds are supported by this group.

Mrs. Gladys Redd, who is president of Pan-Hellenic Council, is one of Kappa Delta's prominent alumnae.

GAMMA PHI BETA

Alpha Nu Chapter

GAMMA PHI BETA entered Wittenberg's Pan-Hellenic circle in 1929, in the person of Alpha Nu chapter, which as the local Tau Delta Theta was the first sorority on the campus, dating back to 1901.

The first national women's organization to claim the name of sorority, Gamma Phi Beta was founded Nov. 11, 1874, at Syracuse University, Syracuse, N. Y., by Helen M. Dodge, Frances E. Haven, E. Adeline Curtis, and Mary A. Bingham. The characteristics of each of these four founders have merged into the present life and purpose of Gamma Phi in the gifts of culture, ideals, pride, and friendship.

Forty-six chapters share the colors of double brown, the pink carnation, and the emblem, symbolized in "The Crescent," quarterly publication.

Gamma Phi Beta philanthropies include a thousand-dollar fellowship awarded through the American Association of University Women for graduate work in social service. Summer camps for underprivileged children are maintained each year in Denver, Vancouver, Buffalo, and Virginia.

Through Margaret Wilson and Jessie Wilson Sayre, daughters of the late president, Gamma Phi has the distinction of being the first Greek-letter organization to enter the White House. Margaret Fishback, well-known poet, is another outstanding member of the sorority.

BETA PHI ALPHA

Omega Chapter

WHEN the local sorority Chi Delta Theta went national, in 1931, Beta Phi Alpha became a member of Wittenberg's society of Greeks. The change to national status did not mean an entirely new organization, however, for the local had been a part of the campus since 1923.

Beta Phi Alpha was founded at the University of California, May 8, 1909, by Mrs. Scott and the Misses Rinn, Paul, Ludeke, Nelson, and Taylor. From this beginning she holds the distinction of being the first sorority to originate on the Pacific coast. "The Aldebaran," official publication of the order, retains the early name of the organization, which was not changed until 1919.

Beta Phi has as its purpose "The desire to elevate, refine, and broaden the outlook of all women coming into contact with the organization." Its flower is the yellow tea rose; its colors, green and gold. There are 33 in the chapter roll.

Outstanding among policies of the sorority is that of weekly programs by the chapters, and that of maintaining a fund for assisting worthy Beta Phis to finish college courses.

Phi Omega Pi

PHI OMEGA PI sorority has evolved through the amalgamation of the national organizations of Phi Omega Pi and Sigma Phi Beta. When Sigma Phi Beta became a part of Phi Omega Pi in 1934, Wittenberg recognized a new Pan-Hellenic member in Omega chapter.

Phi Omega Pi was first founded March 5, 1910, at the University of Nebraska, by the Misses Chulburn, Goeller, Oliver, and Hughes. It was originally for members of the Eastern Star lodge, then for relatives of Masons; later it had an open membership. The chapter roll now numbers 25.

"The Pentagon of Phi Omega Pi," its name symbolic of the badge, is the quarterly publication of the sorority. The lily of the valley is its flower, and its colors, sapphire blue and white.

Among national traditions of the group is that of an annual Founders' Day banquet with a Birthday Fund collected to give the sorority a present on its anniversary.

INHABITED by freshman women (who are legislated by college ruling into living there) and a few upperclasswomen who are unaffiliated with social groups, whose social group house is too crowded, Ferncliff Hall houses, altogether about 140 women. Its sister dormitory (instituted to care for the overflow from Ferncliff) has only about a dozen residents in its house at 625 Woodlawn Avenue. The Hall is a composite of three structures· the old Wittenberg Academy, now called the "old part" or that part of the building composed of wood; a brick structure built in 1884, or that part of the building where the entrance is; and a later addition of 1914, or the new South wing. The auxiliary dormitory was called the "Honor House" upon its initiation, but the building's name was soon changed for reasons known only to its residents and to various college authorities to "Woodlawn House." The latter group take their meals with the residents of Ferncliff, where the principal social activities are dinners for faculty members, and a newly instituted plan of exchange dinners with Myers Hall.

Ohio Beta Chapter

PHI KAPPA PSI, founded Feb. 19, 1852, at Washington and Jefferson, added Ohio Beta in 1866, to its then small list of chapters. Founded by Messrs. Moore and Letterman, it had as its purpose to "further friendships formed during a typhoid epidemic."

With a house that is the envy of many of the other fraternities, Phi Kappa Psi has 52 chapters and is "still growing." Its publication is "The Shield." The flower of the fraternity is the jacquement rose, and the colors are cardinal red and hunter green.

One big claim to fame locally is such faculty members as Tulloss, Schneider, Miller, Marshall, Linn, and Hiller, who revived "The Shield." Another claim to fame is that it is the oldest chapter at Wittenberg, with "seventy years of leadership."

Illustrious Phi Psis are Woodrow Wilson, John W. Davis, Ford Frick, Walter Hampden, James Whitcomb Riley, and Charles Buddy Rogers.

BETA THETA PI

Alpha Gamma Chapter

FOR a fraternity whose avowed *raison d'etre* was "to get even with Alpha Delta Phi at Miami University," Beta Theta Pi claims unusual distinctions, both on this and other campuses. Almost a centenarian, Beta was founded Aug. 8, 1839 at Miami, by Messrs. Knox, Marshall, Linton, Smith, Hardin, Duncan, Ryan, and Gordon. Has since 1867 held a prominent place on the Wittenberg campus where it was founded as Alpha Gamma chapter of Beta Theta Pi, the second national on the campus. It has, since its founding claimed such famous names locally as Faculty Members Shatzer, Larimer, Weaver, McNutt, Zimmerman, Tuccinardi, as well as a monopoly on business managerships of campus publications. As statistics we name the publication, "Beta Theta Pi", the number of chapters, 87; the flower, the rose; and the colors, pink and blue; also mentioning the fact that it is the first fraternity founded west of the Alleghenies and is one of the "famous Miami Triad." Illustrious Betas include Supreme Court Justice Van DeVanter; Senators Borah and LaFollette; Owen D. Young; Jay N. (Ding) Darling.

OHIO ALPHA PSI of Alpha Tau Omega, ready to help unite the country through Alpha Tau Omega, was founded on this campus in 1883. The fraternity, which now has 93 chapters, and a membership exceeding the 30,000 mark, was founded Sept. 11, 1865, at the Virginia Military Institute, by Messrs. Glazebrook, Marshall, and Ross.

A. T. O.'s claim to fame locally this year is the fact that they have many varsity athletes and that they snagged the annual Homecoming decoration cup. Such faculty members as Ness, Bloomhardt, Keyser, and Baughman give them another claim to fame locally.

Illustrious A. T. Os. are: Dr. Karl T. Compton, Walter Hines Page, Norman H. Davis, and Robert W. Bingham.

Publication of the fraternity is "The Palm"; the colors are gold and sky-blue, and the flower is the white tea rose.

PHI GAMMA DELTA

Sigma Chapter

FOUNDED on May Day, 1848, at Jefferson College, by Messrs. McCarthy, Wilson, Elliott, Gregg, Crofts, and Fletcher (whose avowed purpose was to found a fraternity), Phi Gamma Delta has grown and prospered these eighty-nine years. Before 1884, there was on the Wittenberg campus a group of men banded into a local group called the "Sigma Society." Said society went national in that year and became Sigma chapter among the 73 chapters of Phi Gamma Delta. "The Phi Gamma Delta" is its publication; its purple clematis, the flower; and royal purple and white, its colors. The local chapter, the fourth national fraternity on the Wittenberg campus, contributed Douglass, Krapp, and Raymond to the list of illustrious Phi Gams. Faculty members of the organization are Beaver, Kantonen, and Krauss. Among the lists of illustrious Phi Gams from this and other chapters are Calvin Coolidge; Newton D. Baker; Zebulon Zance; Lloyd C. Douglas of "Magnificent Obsession" and "Green Light" fame; Dr. George P. Krapp, head of the English department of Columbia University; Clifford S. Raymond; Christy Mathewson; and Rockwell Kent. Furthermore, it is included in the list of Big Ten nationals and is a member of the "famous Jefferson duo."

PI KAPPA ALPHA

Gamma Zeta Chapter

GAMMA ZETA of Pi Kappa Alpha was founded on the Wittenberg campus in 1926 from the local fraternity, Pi Alpha Epsilon. The national fraternity, founded by Messrs. Taylor, Wood, Sclater, Tazewell, and Howard, March 1, 1868 at the University of Virginia, had as its purpose the consummation of friendships formed in the Confederate Army during the Civil War.

A strong national fraternity, Pi Kappa Alpha has 78 chapters. Its claim to fame locally consists of the fact that it was the first fraternity of the twentieth century on the campus of Wittenberg, and that it has the only fortified chapter house among the other groups. Despite the recent bubbling of the political cauldron, the cannon has never been fired.

Its "Shield and Diamond" was awarded first place among fraternity publications for three years. In the course of years Pi Kappa Alpha has produced such men as Oscar W. Underwood, Senators Tolley, Rainey, Salmon; Governors Blackwood and Chandler; and Lynn Waldorf.

The fraternity flower is the lily of the valley; the color is garnet and gold; and the publication is "The Shield and Diamond."

PHI MU DELTA

Mu Delta Chapter

AT WITTENBERG the local fraternity Pi Theta Pi was founded in 1928. In 1930 it had grown to such importance locally that the national fraternity Phi Mu Delta offered it a charter as Mu Delta.

Phi Mu Delta was organized as a national fraternity in 1918 by the National Commons Club. In that year there was a general feeling among the Commons Clubs that there should be some more definite form of organization among the various clubs. Phi Mu Delta was the outgrowth of this feeling.

To date there has been a total of 16 chapters admitted to membership in the fraternity. They have chosen as their national flower the jonquil, and their colors to be white, orange, and black.

The official publication of the fraternity "The Triangle", has done much to further the brotherly feeling among the various chapters.

The local chapter each year sponsors a foreign exchange scholarship with Germany. The recipient of the award this year was Howard Wainscott.

Phi Mu Delta has two members on the local faculty, Dr. F. K. Kruger and Dr. J. W. Barker.

DELTA SIGMA PHI

Beta Iota Chapter

COMPARATIVELY young on the Wittenberg campus, Beta Iota of Delta Sigma Phi, has made rapid advances in the past years, and now has grown a match to any of the older brother fraternities on the campus.

Beginning with the local Sadhe Aleph, in 1922, and joining the local fraternity of Alpha Theta Alpha in 1927 the local group in 1932 went into the national fraternity of Delta Sigma Phi, founded at the College of the City of New York, Dec. 10, 1899.

To date it has 42 chapters but it reports a "slow, steady growth."

The Delta Sigs won the three possible scholarship awards of the year: the one from the national chapter; one from the district; and the other from the college.

Illustrious Delta Sigs include three band directors: Jan Garber, Hal Kemp, and Ted Weems; Fritz Crisler, Princeton grid coach; and a senator, James J. Davis.

Nationally, the fraternity gives prizes to those chapters that excel in scholarship and atheltics. The fraternity publication is the "Carnation"; the flower is the carnation; and the colors are green and white.

THETA KAPPA NU

Ohio Gamma Chapter

AT Springfield, Missouri, in 1924, Messrs. Anderson, McAtee, Krenmyer, and Lybarger organized the Theta Kappa Nu fraternity for the purpose of combining a number of local fraternities at Springfield.

In 1932 Kappa Phi fraternity of Wittenberg College had reached such heights that it obtained a charter from Theta Kappa Nu as the Ohio Gamma chapter of this organization.

Since 1924 this fraternity has grown in size until today it has a total of 48 chapters. Perhaps its most important claim to fame is that after three years of its founding it was admitted to senior membership of the National Interfraternity Council.

The fraternity has chosen as its national colors black, silver, and red. As its flower it has the white rose. The 48 chapters keep in contact with one another through their national publication the "Theta News."

One of Theta Nu's illustrious men is Jimmy Doolittle, the well known airplane racer.

Dorm League

AT WITTENBERG College in 1906 a league was formed to further and sponsor the cause of the independent men on the campus. This organization, known on Wittenberg's campus as the Dorm League, has increased in size and strength yearly until today, thirty-one years later, it is a very powerful organization both politically and socially.

In 1928 it reached such size and power that a national fraternity found it to be in such condition as to deem it possible for it to be taken into Phi Mu Delta. Seeing that its purpose of furthering the cause of independent men on the campus was defeated, it was reorganized in 1933 as the Dorm League again.

Since its refounding in 1933 it has continued to grow locally, retaining its purpose for the cause of the independent men. Today its fame on the campus has reached such proportions that it has become a leader on the campus. The colors of the League are gold and black, and for its flower it has the red rose.

Dear Mr. Fisher:

Herewith is our selection in order, of the "1937 Wittenberger", and we are putting it mildly when we say it was a difficult task, for many decisions were of a hair line variety.

First - Your photo numbered 3,
Second - " " " 9,
Third - " " " 8,
Fourth - " " " 10,
Fifth - " " " 6.

Assuring you it has been a pleasure, and with every good wish for a successful 1937 Wittenberger, I am,

Yours sincerely,

George B. Petty.

IT GIVES us great pleasure to publish the results of the Wittenberger-Witt Popularity Contest. Politics played as great a part in this election as it did in a similar contest held by the Torch. Unfortunately, political combines were revised between elections and the results of the two contests fail to correspond. The pictures appearing on these pages are not necessarily those of B. M. O. C.'s or B. W. O. C.'s, but they represent Wittenberg standards of popularity. Who sets the standards? You've got us there.

Wittenberg College Bookstore

WE BELIEVE the 1937 Wittenberger to be a yearbook which embodies the spirit and essence of Wittenberg. Whatever success this book may have achieved is due not to the editor and business manager but to the hearty cooperation of the staffs, and the guideposts along the way.

The Wittenberger wishes to acknowledge the services which the Jahn and Ollier Engraving Company and the Lagonda-Springfield Printing Company have rendered in the publication of this annual. Especially we wish to thank "Hal" Mann and "Al" Gage of Jahn and Ollier, and Jim and Jerry of the Lagonda-Springfield Printing Company.

To George B. Petty we extend our hearty thanks for his interest and the prestige which he has given the 1937 annual.

To the Junior Class and to the subscribers we express our regrets and apologize for the delay which has caused the late delivery of this book. Inevitable circumstances arose during the busiest season of production which was in no way the fault of anyone connected with the staff.

At last you have in your possession a summary of the year's events which, we hope, you will find presented in an attractive and orderly manner.

To the 1938 editor, business manager, and staffs, we wish the best of luck, knowing that you will profit by our mistakes.
